ECZEMA CURED At Sour Lake positively by the use of the waters and seid mud baths, which draws it to the surface and kill it. This treatment does not simply dry it up or drive it in to break out again more virulent than ever, but it thoroughly eradicates it. Don't delay, as it will take longer and cost you more. The cure is at your own door, Sour Lake, where thousands have testified that it alone has saved them from the terrible torture of that disease.
